

# About & Contact

Homesteader Dreamer lives in Southeast Alaska with her husband, 2 dogs, and 2 cats. The 'dream' is to own land so we can build a self-sustainable life and produce what we need as much as possible. While the land is a few years off, learning the skills we will need is our daily focus so when the land comes, we can hit the ground running. Thank you for joining me on my adventures as I stumble along!
